

Cree LED spike light Amora | warm white | 5 watt | tiltable

Product Images

Short Description

The Cree LED spike light Amora consumes 5 watts and is therefore suitable for illuminating shrubs, trees and objects ranging from 4 to 7 metres in height. You can also light up a façade up to 7 metres high with the Amora spotlight. The working voltage of this spike light is 230 volts.

Description

Do you have a tree, shrub or object in your garden that is 4, 5, 6 or 7 metres high? Then this Cree LED spike light Amora with its energy-efficient consumption of 5 watts is highly recommended. The spotlight is provided with a sharp pin at the bottom. The sharp pin makes it easy to place or relocate the spot. The spot is tiltable so that you can determine how high the spot shines.

The Amaro spike light is powder-coated, which means that it is protected against all weather conditions. It, therefore, has an IP value of 65 (IP65).

The spotlight is equipped with a 3-metre cable with a plug on the end. You can simply plug the plug into a socket and the spotlight shines a beautiful warm-white light beam (2700k).

You can operate our spike lights in various ways. The options are listed below:

- Motion detector
- Twilight switch
- Moon remote control (wifi garden LED receiver required)
- Push dimmer / remote control Novex (wifi garden LED receiver required)
- App (wifi garden LED receiver required)

You will receive free access to the app when you purchase the wifi garden LED receiver. To use the Moon and Novex, you need to add the wifi LED garden receiver to your shopping basket in addition to the respective article.

Tip: We recommend that 230-volt cables be laid 60 cm underground so that they can be safely concealed.

You will receive a 5-year warranty on the Cree LED spike light Amora. Would you like more information about this spotlight? Then also read all the product specifications or ask our LED specialists a question. You can chat with them, call or email.

Additional Information

Article number	L2092
EAN code	8721122621172
Brand	Hamulight
Suitable for	Outside
Light color	Warm white (2700K)
Input voltage	230V AC
LED chip	Cree
Consumption	5 watt
Dimmable	No
Lumen per LED (including lens)	440 lm
Color Rendering Index (CRI)	>82
Light angle	50 Degrees
Diameter	60 mm
Width	110 mm
Height	305 mm
Cabling per LED	100 cm
Transformer required?	No
Material	Aluminium
Housing color	Black
IP value	IP65
Quality mark	CE, Rohs
Warranty	5 years
Energy label old	A++
Energy label new	F
