

Cree LED spike light Barcelos | warm white | 10 watt | tiltable

Product Images

Short Description

The Cree LED spike light Barcelos consumes 10 watts and is therefore suitable for lighting shrubs, trees and objects ranging from 7 to 10 metres in height. It is also possible to illuminate a facade to a height of 10 metres with the Barcelos spotlight. The operating voltage of this spotlight is 230 volts.

Description

Do you have a tree, shrub or object in your garden that is 7, 8, 9 or 10 metres high? Then this Cree LED spotlight Barcelos with its energy-efficient use of 10 watts is a real must. The spotlight is provided with a sharp pin at the bottom. Because of the sharp pin, you can easily (re)place the spot. The spot is tiltable so that you can determine how high the spot shines and in what location. The Barcelos spotlight is powder-coated, so the spotlight is protected against all weather conditions. The Barcelos spike light, therefore, has an IP value of 65 (IP65).

The spotlight is equipped with a 3-metre cable with a plug on the end. You can simply plug the plug into the outlet and the spotlight will shine with a nice warm white light beam (2700k).

We offer several options to control our spike lights. Here are some examples:

- Motion detector
- Twilight switch
- Remote control Moon (requires a wifi garden LED receiver)
- Push dimmer/remote control Novex (requires a wifi garden LED receiver)
- App (requires a wifi garden LED receiver)

When you purchase a wifi garden LED receiver, you get free access to the app. To use the Moon or Novex, you need to add the wifi garden LED receiver to your shopping cart next to the relevant item.

Tip: We recommend that 230-volt cables are laid 60 cm underground as they are safely concealed.

You receive a 5-year warranty on the Cree LED spotlight Barcelos. Would you like more information about this spotlight? Then also read all the product specifications or ask our LED specialists a question. You can chat with them, call or email.

Additional Information

Article number	L2093
EAN code	8721122621189
Brand	Hamulight
Suitable for	Outside
Light color	Warm white (2700K)
Input voltage	230V AC
LED chip	Cree
Consumption	10 watt
Dimmable	No
Lumen per LED (including lens)	912 lm
Color Rendering Index (CRI)	>82
Light angle	23 Degrees
Diameter	75 mm
Width	130 mm
Height	340 mm
Cabling per LED	100 cm
Transformer required?	No
Material	Aluminium
Housing color	Black
IP value	IP65
Quality mark	CE, Rohs
Warranty	5 years
Energy label old	A++
Energy label new	F
