

Cable connector I | waterproof | 24 volts

Product Images

Short Description

Is the cable of your 24 Volt lighting broken in half, because you accidentally stuck it in with a shovel for example? Then this is the cable connector you are looking for! With this cable connector, you make sure that the lights are connected again. The cable thickness should be 5-10 mm.

Description

Is your 24-volt cable cut in half? Then you can use this waterproof cable connector to reconnect this cable. Make sure that you mount the power cables in the same way on both sides of the cable connector.
