## Short Description

---

The Cree LED Gondomar standing light is suitable for illuminating a walkway or driveway. But you can also use this lamp to illuminate plants. There are 2 built-in spots of 2 watts each. The floor lamp Gondomar is part of our 24-volt garden lighting system.

## Description

---

If you want to illuminate a walkway or your driveway in a beautiful way, then this stylish lamp is a must for you. The Gondomar lamp is 70 cm high and shines a warm white light (2700k) in the upper part of this lamp there are 2 LED spots of 2 watts each. The lamp has a cable of 1 meter.

The Gondomar standing lamp is part of the 24-volt garden lighting system. This means that you need a 24-volt LED transformer to operate this lamp. You can choose from the 24-volt LED transformer or the Astro 24-volt LED transformer. The 24-volt LED transformer ensures that the incoming 230 volts are converted to low voltage (24 volts). The Astro LED transformer 24 Volt also does this, but this transformer can be programmed to 5 different positions and can be used to control the lighting. You can connect up to 80 Watts of different types of 24-volt garden lighting to both transformers. Both transformers are not supplied as standard, so if you do not yet have a 24-volt transformer, you must add one of the two transformers to your shopping basket.

You can operate our floor lamps in different ways. The options are listed below:

- Remote control Moon (requires wifi garden LED receiver)
- Push dimmer / remote control Novex (requires wifi garden LED receiver)
- Our app (requires wifi garden LED receiver)

When you purchase the wifi garden LED receiver, you get free access to the app. To use the Moon and Novex, you need to add the wifi LED garden receiver to your shopping basket in addition to the relevant item.

Tip: the 24-volt garden lighting system is ideal for combining several garden lights from the 24-volt system with each other

For more product information, please contact our LED specialists, but also check the product specifications of the Gondomar LED standing light. Perhaps that will answer your question.

## Additional Information

EAN code	7435124533500
Article number	L2202
Brand	Hamulight
Suitable for	Outside
Consumption	2x2 watt
Input voltage	24V DC
LED chip	Cree
Dimmable	No
Light color	Warm white (2700K)
Lumen per LED (including lens)	300 lm
Color Rendering Index (CRI)	>92
Light angle	25 Degrees
Cabling per LED	100 cm
Transformer required?	Yes
Length	50 mm
Width	95 mm
Height	700 mm
Material	Aluminium
IP value	IP65
Quality mark	CE, Rohs
Warranty	5 years
Spot color	Aluminium
Energy label old	A++
Energy label new	G
