

Cree LED recessed spotlight veranda Toledo ab | tiltable | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This AB set with stylish Cree LED recessed spotlights from the Toledo series are specially designed for porches. The Toledo AB set is available with 6, 8, 10 or 12 LED recessed spotlights (3 watts) with a parallel LED transformer and a parallel connector. The recessed spotlights are tiltable and dimmable and suitable for wooden and aluminium porches.

Description

The Cree LED recessed spotlights Toledo are tiltable and dimmable. This allows you to direct the light beam to a specific spot on your porch. The light colour of this beam is warm white (2700k). The recessed spotlights come with a 5-metre cable. These cables are double insulated, so there is no risk of cable breakage. The spots have a recessed dimension of 42 mm, a height of 36 mm and a diameter of 50 mm.

The transformer with a parallel connector is included in this set. The transformer converts 230 volts into low voltage. You plug the recessed spotlights into the parallel connector. The Hamulight remote control is also included (including batteries, holder and mounting material). With the remote control, you can dim the recessed spots and switch them on and off.

There are several handy accessories that you can order separately for this Toledo AB set. A wall box is handy to hide the transformer and the connector beautifully and safely. A hole saw (size 42 mm) to make holes in the beams of the desired size. And is 5 metres of cable per spotlight not enough? Then you can order one or more extension leads from our webshop.

Tip: We recommend giving the spots 2 mm play. Take this into account when determining the height of the recessed spots.

The Toledo AB recessed spotlights are covered by a 3-year guarantee. More information on this set can be found under product specifications. Do you need more than 12 recessed spots in your conservatory? Then feel free to contact us and we will advise you on how best to go about it.

Additional Information

Article number	LIS2050
EAN code	7435124517500
Brand	Hamulight
LED chip	Cree
Spot color	Aluminium
Suitable for	Inside & outside
Consumption	3 watt
