

Cree LED recessed spotlight veranda Sevilla ab | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This AB set with Cree LED recessed spotlights Sevilla series is specially designed for porches. This set can therefore be used for aluminium and wooden porches. The Sevilla AB set consists of 6, 8, 10 or 12 dimmable LED recessed spotlights of 3 Watts, including a parallel transformer with a connector and a Hamulight remote control. This set is suitable for wooden and aluminium porches.

Description

The recessed spots from this Sevilla AB set have a build-in dimension of 35 mm, a height of 36 mm and a diameter of 41 mm. These dimensions ensure that the downlights fit in most beams. With the warm white (2700k) light colour, these spots create a cosy and pleasant atmosphere on your veranda.

Each spotlight in this set comes with 5 metres of cable. This cable is double-insulated, so it is protected against cable breakage and damage.

With the supplied Hamulight remote control, you can switch the recessed spots on and off and dim them. Batteries for the remote control are supplied as standard. A remote control holder and mounting material are also included. In addition to the remote control, you will also receive a LED transformer and a parallel connector. The transformer ensures that the incoming 230 Volt is converted to low voltage. The recessed spotlights have to be plugged into the parallel connector.

Not sure how to conceal the transformer and connector? Then order a wall box as well. Also, consider using a hole saw (size 35 mm) to make holes in the desired size.

Are 5 meters of cable per spotlight not enough? Then it is possible to order one or more extension leads.

Tip: Consider a 2 mm play at the back of the recessed spots and make sure you can still reach your transformer and connector.

The Sevilla recessed spotlight comes with a 3-year guarantee. Would you like to order more than 12 LED built-in spots for your porch? Of course, you can! Please contact our LED specialists. They can advise you on how best to do this.

Additional Information

Article number	LIBV3030
EAN code	7435124517555
Brand	Hamulight
LED chip	Cree
Spot color	Aluminium
Suitable for	Inside & outside
Consumption	3 watt
Input voltage	230V AC
