

Valencia io | recessed spotlight | round silver | warm white | set of 6, 8, 10 or 12 pieces | OutdoorCore+

Product Images

Short Description

This Somfy IO set with Cree LED recessed spotlights from the Valencia series consists of 6, 8, 10 or 12 dimmable LED recessed spotlights (3 watts) with a Somfy IO series transformer with series connector. This is a suitable set for wooden and aluminium porches.

Description

The Valencia LED recessed spots in this set are dustproof and protected against splashing and spraying water. The IP value of this spotlight is therefore IP-65. The spots produce a lovely warm-white light colour (2700k) and create a pleasant and cosy atmosphere on your porch. Each spotlight comes with a 5-metre cable. These cables are double-insulated, which means that the cable is well-protected against breakage. The recessed size (30 mm), height (37 mm) and diameter (36 mm) of the spots are perfect for most porches.

The recessed spotlights in this set are operated with a Somfy IO remote control. This has to be ordered separately from our webshop. This also applies to the Somfy IO LED receiver. You need this receiver to communicate with Somfy IO. Do you already have a multi-channel Somfy IO remote control and do you have a channel left? Then you can also use your current Somfy IO remote control to operate this set. You still need to order the Somfy IO LED receiver.

Are you convinced by this Somfy IO set and would you like to place an order? Then also consider the handy accessories for this set. A hole saw (size 30 mm) can help you make holes in the beams of your porch and an extension cord offers help if you have too little wiring. And do you not know where to put the transformer with a connector? Then order a wall box as well. This allows you to hide the transformer safely away.

Tip: don't forget to order the Somfy IO LED receiver and Somfy IO 5-channel remote control separately!

The recessed spotlights in this Somfy IO set are covered by a 3-year guarantee. You can find more details under product specifications. Do you need more than 12 recessed spots on your veranda? That's possible! Ask our LED specialists for advice on how best to go about this.

Additional Information

Article number	L2070
EAN code	7435124527585
