

Cree LED recessed spotlight Sevilla bas | warm white | set of 4, 6, 8, 10 or 8 pieces

Product Images

Short Description

This BAS set of Cree LED recessed spotlights from the Sevilla series is suitable for aluminium and wooden porches. This stylish set is available in sets of 4, 6, 8, 10 or 12 dimmable LED recessed spotlights (3 watts), including a matching series LED transformer with a connector.

Description

The Sevilla LED recessed spotlights have an IP value of 44 (IP44). This means that they are well protected against dust and splash water. The warm white light (2700k) that the spots emit creates a cosy and pleasant atmosphere on your porch. Each spotlight comes with 5 metres of cable. This allows you to easily lay the wiring of the spots to the transformer with the connector and then plug the spot into the connector. The cabling of the spots is double insulated, reducing the risk of cable breakage. The recessed dimension (35 mm), height (36 mm) and diameter (41 mm) of the Sevilla spotlights ensure that they can be placed on virtually any veranda.

The Sevilla recessed spotlights in these sets can be operated via the Atlas LED rotary dimmer, the Novex push dimmer, the Moon remote control and/or the Hamulight app. Make sure you order at least one of these control options. If you want to control the spotlights via the Novex, Moon and/or Hamulight app, also add the wifi LED receiver to your order to access the app.

Want to make the set smart? Then connect the spotlights to a motion detector. This is especially useful for a carport or similar space.

Are you interested in this set? Then don't forget to look at the accessories for this set. A hole saw (size 35 mm) can help you mount the spotlights, for example, and an extension lead is very useful if there is not enough cabling. Would you like to hide the transformer nicely and be watertight? Then our wall boxes are highly recommended!

Tip: allow 2 mm clearance at the back of the recessed spotlights.

Seville LED recessed spotlights come with a 3-year guarantee. You can read more product information under the heading product specifications. Do you need more than 12 recessed spots on your porch? Please feel free to contact us and we will advise you on how best to do this.

Additional Information

Article number	L2137
EAN code	7435124537546
