

Cree LED recessed spotlight veranda Marbella io | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This Somfy IO set of stylish Cree LED recessed spotlights from the Marbella series consists of 6, 8, 10 or 12 LED recessed spotlights (3 watts), including a Somfy IO serie LED transformer with a connector. The recessed spots are dimmable and can be installed in wooden and aluminium porches.

Description

The LED downlights of the Marbella IO set have a small recessed dimension (22 mm), low height (30 mm) and a suitable diameter (28 mm). The Marbella is therefore a small spotlight that fits into almost any porch. Each downlight in this set comes with a 5-metre cable. This cable is double-insulated, which reduces the risk of cable breakage or damage. With their beautiful warm-white light colour (2700k), the spots create a pleasant and cosy atmosphere on your porch.

To operate this set with a Somfy IO 5-channel remote control, you need to add the Somfy IO LED receiver separately to your order. This also applies to the Somfy IO 5-channel remote control. This is not included in the standard delivery. Do you already have Somfy IO controlled equipment in your home and do you operate it with a multi-channel remote control? Then you can also use your current remote to operate this set.

Are you interested in this set? Then don't forget to have a look at the accessories of this set. For example, a hole saw (size 22 mm) can help you mount the spots and if there is not enough cabling, an extension cord is useful. Would you like to hide the transformer and connector safely? Then our wall boxes are highly recommended.

Tip: make sure you always have easy access to your transformer and connector. In addition, don't forget to order the Somfy IO LED receiver and, if necessary, the Somfy IO 5-channel remote control separately!

The Marbella LED recessed spotlights come with a 3-year guarantee. Do you have a question or need advice? Ask our LED specialists, but also check out the FAQ of this set. More product information can be found in the product specifications. Are 12 recessed spots not enough on your porch? Then feel free to contact us and we will advise you how to best do this.

Additional Information

Article number	L2237
EAN code	7435124554574
