

Cree LED recessed spotlight veranda Valencia los | white light | 3 watt

Product Images

Short Description

With this separate spotlight from the Valencia series, you can create your own porch set. This spotlight can also serve as an addition to your current Valencia veranda set.

Description

Would you like to expand your current Valencia porch set (with white light) from Hamulight? Then this is the spotlight you need. Check whether you can expand the set at all. You can do this by looking at the connector (attached to the transformer). Are there any free connections? Then it is possible to fill the free connections with spots.

Please note: if there is a jumper in a connection, this is also regarded as a free connection and can be replaced by a separate spotlight.

Would you like to create your own set with this spotlight? Then choose the number of spotlights and add the correct transformer and receiver (if required) to your shopping basket. Not sure which transformer and/or receiver you need? Feel free to contact us and we will advise you.

Additional Information

Article number	L2327
EAN code	7435124558527
Brand	Hamulight
LED chip	Cree
Spot color	Aluminium
Suitable for	Inside & outside
Consumption	3 watt
Input voltage	700mA
Light color	White (\pm 4000K)
