

Cree LED recessed spotlight veranda Toledo los | white light | tiltable | 3 watt

Product Images

Short Description

With this separate spot from the Toledo series you can create your own porch set. This spotlight can also serve as an addition to your current Toledo porch set (white light).

Description

Would you like to expand your current Toledo (white light) porch set by Hamulight? Then this is the spotlight you need. Check whether you can expand the set at all. You can do this by looking at the connector (attached to the transformer). Are there any free connections? Then it is possible to fill the free connections with spots.

Please note: if there is a jumper in a connection, this is also regarded as a free connection and can be replaced by a separate spotlight.

Would you like to create your own set with this spotlight? Then choose the number of spots and add the correct transformer and receiver (if required) to your shopping basket. Not sure which transformer and/or receiver you need? Please feel free to contact us and we will advise you.

Additional Information

Article number	L2328
EAN code	7435852096049
Brand	Hamulight
LED chip	Cree
Spot color	Aluminium
Suitable for	Inside & outside
Consumption	3 watt
Input voltage	700mA
Light color	White (± 4000K)
