

Citizen LED recessed spotlight | warmwhite | 7 watt | dimmable | different colours

Product Images

Short Description

The Citizen recessed spotlight consumes 7 watts and is dimmable. The light color of this spot is warm white (2700k).

Description

The Citizen LED spotlight is stylish. The spot consumes 7 watts and replaces the old lighting of 75 watts. The stylish design and the IP value of 65 (IP65) ensure that you can place this spot in every room in your home. The warm white light color (2700k) emitted by this recessed spot creates a pleasant and cozy atmosphere. It is possible to dim this spotlight, which in turn creates more atmosphere in your home.

The small transformer that comes standard is equipped with a brown and blue cable that you must connect directly to 230 volts. On the other side of the transformer is a black coupling piece that you can use to click the spotlight onto the transformer.

When you plan to order this Citizen LED spotlight, don't forget to order the hole saw (35 mm size) or LED rotary dimmer as well. These can be ordered from our webshop.

Tip: The Citizen spotlight is a high spot that requires a lot of space between the original and the lowered ceiling. So check carefully whether this spot fits your ceiling.
