

Nice LED receiver | 250 watt

Product Images

Short Description

The Nice LED receiver is suitable to combine with our BAS sets and Nice 1, 3, and 6 channel remote controls. You need one Nice LED receiver for each separate group.

Description

Do you want to control your lights with the Home domotics system? Then you need this Nice LED receiver! This receiver makes it possible to control your LED lights with a Nice remote control.

You have to connect this LED receiver directly to a 230 V power line and the transformer of your BAS set.
